

Latrave Ltd

ENVIRONMENTAL POLICY

Latrave Limited will continuously comply with the requirements of environmental legislation and all relevant codes of practice at all times

All employees will be made aware of the ongoing importance of reducing pollution, waste and energy consumption. Latrave will strive to continually improve awareness and practical management by means of suitable training for all staff

We will conduct an annual review of our performance and discuss new targets

Collectively we aim to:

- Minimise waste
- Recycle packaging materials and cardboard cores
- Reduce the use of raw materials, energy and supplies
- Reduce pollution, emissions and monitor efficient use of water
- Expect similar environmental standards from suppliers and contractors
- Assist customers to use our products in an environmentally sensitive way
- Continually seek to improve environmental performance

For Latrave Limited

Chris McCormack
Managing Director
